Notice of Teleworking to Prevent the Spread of New Coronavirus Infection (Follow-up)

In accordance with the government's declaration of a state of emergency, we would like to announce that the number of workplaces that implement teleworking as a general rule, as announced in the " Notice of Teleworking to Prevent the Spread of New Coronavirus Infection" dated April 6, 2020, has been expanded as follows.

Workplaces subject to teleworking (The underlined were added this time)

KEMEL Tokyo Branch

KEMEL Kobe Branch

Marine Division Takasago Plant

*The teleworking period is until May 1 (Friday). Please note that we will be closed from May 2 (Saturday) to 10 (Sunday) for golden week holidays.

From today, the Takasago Plant will, in principle, shift to teleworking from departments that are capable of responding to the situation sequentially, and departments related to production operations (manufacturing, facility maintenance, etc.) will continue to operate after implementing infection prevention measures.

We will promptly announce if the teleworking period or applicable workplaces will be changed due to the spread of the infection going forward.

We apologize for any inconvenience this may cause to our customers and related parties, and thank you for your understanding.

END
